The Benjamin Banneker Academic High School is one of the District's International Baccalaureate (IB) Diploma Program sites and offers Pre-IB, Advanced Placement (AP) and its own summer institute as additional rigorous academic options. On behalf of DCPS, DGS has engaged a design architect to develop a design to remodel and re-envision Banneker's current high school library/media center and transform it into a 21st century collaborative learning space similar to what students might experience at a reputable college or university. DGS just completed the Design Development phase.

Construction Start Summer 2016
Construction Completion Winter 2016
